Our philosophy!

We follow the PEEP programme.

We make the most of play and learning opportunities in everyday life.

This can be listening, talking, playing, singing and sharing books and stories together.

We value and build on the home learning environment and relationships.

We encourage parents to do activities with their children, to praise children's efforts and to help children become independent.

Why do we do this?

What parents do with their children has a positive impact on long term outcomes at school
